*Marshalls Patented Driveway System*

[www.marshalls.co.uk/homeowners](http://www.marshalls.co.uk/homeowners)

## Drivesys® unique driveway systems are designed to create driveways which look and feel like natural stone

Every product in the Drivesys range features the patented contoured base, which has been specifically engineered to ensure installation is straightforward.

Drivesys can be used to reinforce the heritage of traditional properties, or enhance contemporary architectural styles. Available in 5 stone replica options: Original Cobble, Split Stone, Riven Stone, Classic Paver and Flamed Stone.

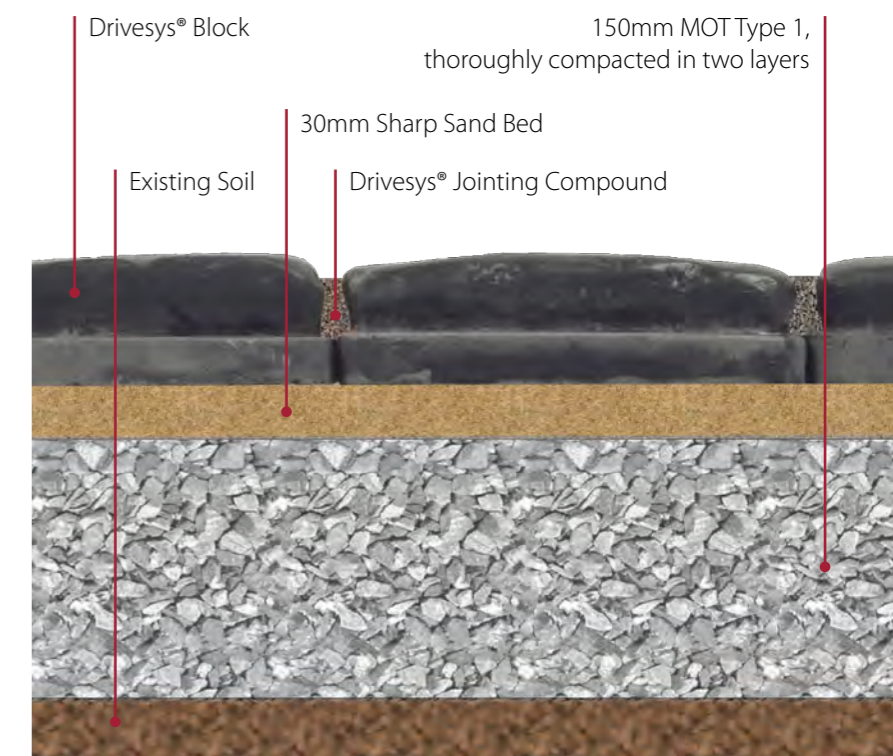

## How Drivesys® works

The Drivesys Driveway System provides the ultimate driveway laying course. Every product features the patented contoured base, and every pack is supplied with the correct amount of ready mixed jointing compound.

### Why is a sub-base important?

The sub-base is integral to the structure and performance of the driveway and will often take up to 80% of the total project cost. When the sub-base is installed incorrectly or is insufficient to support the chosen driveway products, the consequences are significant.

### Drivesys® Driveway System Installation

DRIVESYS RIVEN STONE, Basalt, edged with DRIVESYS SPLIT STONE, Grey Green.

DRIVESYS RIVEN STONE, Golden

**DRIVESYS<sup>®</sup>**  
**RIVEN STONE**  
 Patented Driveway System

# Creating the perfect contemporary driveway

Drivesys Riven Stone replicates the lightly riven texture of natural stone in an easy to install concrete driveway system. Achieve the impressive look of natural riven stone setts with realistic face profiles, a choice of three uniform colours, effective ratio of sizes and the correct amount of jointing compound supplied with every pack. Drivesys Patented driveway systems have been specifically engineered to be straight forward to install creating a cost effect alternative to riven natural stone driveways.

Each pack is supplied with the right amount of ready mixed Jointing Compound

	Sizes mm (nominal)	No. item/pack	Weight (kg/pack)	Area (m <sup>2</sup> /pack)	Colours
<b>Mixed Size Pack</b>	220 x 160 x 60	80		7.22	GO SG B
	200 x 160 x 60	48			
	180 x 160 x 60	64			
	160 x 160 x 60	16			
	120 x 160 x 60	32			
<b>Ready mixed jointing</b>	15kg	3			GREY
<b>Total/pack</b>			8.20	7.22	

Please note: Drivesys pack sizes may be subject to change. Please call Marshalls on 0345 3040 707 for more information

- 1: DRIVESYS RIVEN STONE, Golden (GO)
- 2: DRIVESYS RIVEN STONE, Silver Grey (SG)
- 3: DRIVESYS RIVEN STONE, Basalt (B)

Drivesys blocks come with a protective transportation seal which will remain slightly slippery underfoot until weathered. Once dissipated blocks may appear lighter in colour.

**DRIVESYS<sup>®</sup>**  
**SPLIT STONE**  
 Patented Driveway System

DRIVESYS SPLIT STONE, Basalt

# The sophisticated driveway solution

Drivesys Split Stone offers the character and beauty of natural stone along with the signature contoured Drivesys base creating an easy to install concrete driveway system. The five complementary sizes, created from real stone masters, along with the choice of two uniform colours means you can achieve an impressive aesthetic of natural split stone from a more cost effective concrete system.

Each pack is supplied with the right amount of ready mixed Jointing Compound

	Sizes mm (nominal)	No. item/pack	Weight (kg/pack)	Area (m <sup>2</sup> /pack)	Colours

 FLAMED STONE  
 Patented Driveway System

DRIVESYS ROUNDTOP Edging, Basalt, with DRIVESYS FLAMED STONE, Blue Pennant, Edged with DRIVESYS RIVEN STONE, Basalt

DRIVESYS FLAMED STONE, Blue Pennant

# Creating a stunning and prestigious approach

Drivesys Flamed Stone features a larger sized driveway block, which replicates the prestigious look of Welsh Pennant Stone. The flamed-effect finish and the realistic Gwrhyd stone face profile will provide an impressive look for contemporary or traditional driveways. This is part of the Drivesys concrete system, offering a patented contoured base which is an easy-to-lay solution with each pack including five complementary sizes and a uniform Blue Pennant colour.

Each pack is supplied with the right amount of ready mixed Jointing Compound

	Sizes mm (nominal)	No. item/pack	Area (m <sup>2</sup> /pack)	Colours
Mixed Sized Pack	280 x 210 x 60	50		BP
	210 x 210 x 60	25		
	140 x 210 x 60	20		
	250 x 210 x 60	10		
Ready mixed jointing	15kg	2		GREY
	<b>Total/pack</b>	115	5.51

DRIVESYS®  
ORIGINAL COBBLE  
Patented Driveway System

# All the charm and elegance of reclaimed stone

Drivesys Original Cobble replicates classic, premium cobble stone in an easy to install concrete driveway system. The timeless, reclaimed stone effect will achieve an impressive aesthetic on any driveway. This system utilises the patented Drivesys base, meaning that Drivesys Original Cobble will be quicker and easier to lay than natural stone cobbles, whilst proving closer tolerances. The complementary five sizes that are offered in every pack and the choice of three uniform colours mean that you can create a unique, prestigious driveway.

Each pack is supplied with the right amount of ready mixed Jointing Compound

	Sizes mm (nominal)	No. items/pack	m <sup>2</sup> /pack	Colours
Mixed Size Pack	215 x 130 x 60	80	5.46	B IG CN
	165 x 130 x 60	40		
	130 x 130 x 60	40		
	185 x 130 x 60	40		
	145 x 130 x 60	40		
Ready Mixed Jointing	15kg	3		GREY
<b>Total Pack</b>		240	5.46	

Please note: Drivesys pack sizes may be subject to change. Please call Marshalls on 0345 3040 707 for more information

DRIVESYS<sup>®</sup>  
 CLASSIC PAVER  
 Patented Driveway System

DRIVESYS CLASSIC PAVER, Abbey Blend  
 Please note: When installing Abbey Blend it is important to mix blocks from a number of packs to achieve an effective blend of colour across the project.

DRIVESYS CLASSIC PAVER, Manor Red

# All the charm and elegance of reclaimed stone

Achieve the traditional yet impressive look of clay with Drivesys Classic Paver. Clay pavers are notoriously difficult to lay, with different tolerances and uneven surfaces due to the variables of kiln firing. With Drivesys Classic Paver, you can have a replica clay paver driveway in an easy to install concrete system. Every product will feature the Drivesys contoured base, and the authentic profiles used create a realistic finish of original kiln fired pavers, without the unreliable finish or difficulty installing. With Drivesys Classic Paver, you are guaranteed a beautiful finish. The two colours offered can be laid individually or as a coordinated blend.

To complete every Drivesys Classic Paver driveway, each pack is supplied with the right amount of ready mixed narrow jointing compound, minimising fuss and number of deliveries.

	Sizes mm (nominal)	No. items/ pack	m <sup>2</sup> / pack	Colours
Single Size Pack	200 x 100 x 60	250		MR AB
Drivesys Narrow Jointing Compound	15kg	2		BUFF
<b>Total Pack</b>			5	

Please note: Drivesys pack sizes may be subject to change. Please call Marshalls on 0345 3040 707 for more information

- 1: DRIVESYS CLASSIC PAVER, Manor Red (MR)
- 2: DRIVESYS CLASSIC PAVER, Abbey Blend (AB)

Drivesys blocks come with a protective transportation seal which will remain slightly slippery underfoot until weathered. Once dissipated blocks may appear lighter in colour.

# Complete the look

## DRIVELINE® DRAIN

*Subtle control for water run off*

Driveline Drain concrete linear drainage controls normal water run off from driveways and paving with no requirement for planning permission. Marshalls Driveline Drain is available in charcoal, designed to coordinate with any paving or driveway product design in our range.

## DRIVESYS® ROUNDTOP EDGING

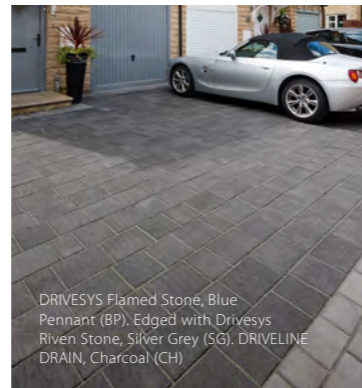

*Designs to complement all garden styles*

Contemporary edge restraints designed to complement the full range of Marshalls paving and driveway products. Drivesys Roundtop perfectly complements the Drivesys and Pavesys ranges.

# Create a unique project

*Mix and match Drivesys products*

Each Drivesys product has been created with the same patented contoured base. All blocks have a depth of 60mm which makes it easy to mix and match the products to create a unique aesthetic for your driveway project. Blend different colours of the same block or add contrasting colours or aesthetics as feature borders or entrance slips.

# Why choose Marshalls?

As the UK's leading hard landscaping manufacturer, Marshalls has been creating better spaces since the 1800s. Over this time, it has become synonymous with quality and excellence, which is why Marshalls has been chosen to supply products used on prestigious landmarks such as Trafalgar Square.
